### Community Property Management

We provide quality housing with exceptional features and build loyalty through strong customer service. These communities include traditional garden apartments and townhomes, urban renovations, high-rises, and mixed-use projects. We have a full-service team that covers all aspects of the management process, from marketing to management.

### Multi Family

Outsource everything from leasing and billing, to groundskeeping and maintenance, to the experienced property management professionals at TMD Property Management. With more than 1,000 units under management, TMD's has the experience and expertise necessary to handle every component of managing your multifamily property in Memphis and Nashville Area.

### Commercial Property Management

In a complex and swiftly changing environment, businesses looking to transform their real estate need a trusted, experienced partner to plan, execute and manage capital programs and projects. Look no further than TMD Property Management. We transform properties providing seamless oversight with the structure, governance, oversight and strategy to execute in the most efficient, cost-effective and sustainable way.
